

## DEAR SHOSH

When I think about you Shosh the first 2 words that come to mind are Strength & Love.

These are thankfully followed by generosity which meant so many of us benefitted from your love & strength.

I did & You we're always there for me during life's inevitable crises, my corner woman, my rock.

Shosh you were one of life's givers & together with Raymond you made a home that felt as welcoming and inviting to as my mother's.

And now you are back with your beloved Raymond. At peace.

I will miss you. My rock.
